

## Appendix E – Economic Impact

Appendix E presents an Economic Impact Analysis in response to Executive Directive 7.

Well in advance of the effective date of Executive Directive 7, CGI-AMS commissioned an economic impact analysis to determine the effect our solution would have upon the southwest region of Virginia, a designated area of the Commonwealth. At the time we commissioned the study, we anticipated a particular mix of job types and skills that might be needed to perform the work under the VEAA. This study is the result of those assumptions and is provided for the purpose of evaluating our VEAA proposal under the provisions of the Public-Private Education Facilities and Infrastructure Act – 2002 (PPEA) as affected by Executive Directive 7.

Once the VEAA is awarded to us, we will meet with the Commonwealth to determine the precise scope of the work to be performed, and the corresponding mix of job types and skills required to perform the work, and will re-run our model to reflect the then current needs.
